## **THE 21ST INTERNATIONAL AND NATIONWIDE CONFERENCE ON ONOMASTICS**

ONOMASTIC TERMINOLOGY & NAME-FORMATION

---

TO BE HELD ON 4-6 OCTOBER 2018 IN KAZIMIERZ DOLNY

---

The main focus of the conference are issues related to onomastic terminology, in particular the current state and demands of Polish and Slavic onomastics as viewed from theoretical and terminological perspectives. It will also be concerned with creating names of different categories with an emphasis on their communicative-linguistic use.

The conference will address the following specific thematic areas:

### **TERMINOLOGY**

- Development of onomastic terminology, discussions on onomastics (może: onomastic debates) and terminological dilemmas
- Terminological approaches within onomastics
- Onomastic terminology against other areas of linguistics and humanities
- Onomastic terminology and problems in other fields of research (geography, cartography, sociology, law, economics, marketing etc.)
- Terminology in subbranches of onomastics (toponomastics, anthroponomastics, zoonomastics, chrematonomastics; onomastic terminology in literary studies: consistency – modification – revision)
- Research projects in onomastic terminology

### **NAME-FORMATION**

- Name-formation vs. word-formation
- Onomastic lexicology and lexicography
- Onym-formation of different categories, specificity of name-formation processes in different aspects of communication
- Onymisation and transonymisation processes
- Recent trends in naming in contemporary world
